

# Title of Abstract (Times 18 points bold)

Ken KOENE<sup>1</sup>, Senta KOUKIDO<sup>2</sup> (Times 12 points)

<sup>1</sup>*KEK-PF, Tsukuba, Ibaragi 305-0801, Japan*

<sup>2</sup>*Japan Synchrotron Radiation Research Institute (JASRI/SPring-8)*

*Sayo-cho, Sayo-gun, Hyogo 679-5198, Japan*

*(Times 12 points Italic)*

Body text (Times Roman, about 12 point size)

This is an example of the abstract format for the satellite conference of IXS2007: 6th International conference on Inelastic X-ray Scattering. Authors are recommended to prepare their abstracts in this format. MS-Word and LaTeX templates file is available on the conference web site (URL: <http://ixs2007.spring8.or.jp/>).

The abstract should be written within one-page standard A4 size. The text should fit in a 16 cm x 22 cm frame with top and left margins of 2.5 cm. The title, authors, and addresses are centered. A preferred font for the body of the abstract is Times Roman, about 12 point size. (However, if Times Roman cannot be used in your computer system, another font such as Computer Modern is also accepted.) The title is typed with Bold and 18 point size font than that of the body. References are indicated by the arabic numbers in square brackets [~], and the reference list is typed below the body text.

Abstract file should be converted to .pdf format and uploaded to the conference web site URL: <http://ixs2007.spring8.or.jp/rgst/>. You can get Free PDF Creator – PrimoPDF v3.0 for Microsoft Windows from <http://www.primopdf.com/>.

The deadline for submission of abstracts is **February 16**, 2007 for Oral Presentation, and **March 31**, 2007 for Poster Presentation.

A book of abstracts will be distributed at the conference.
